I just used Uber in Charleston and found them safe, reliable and economical. Please allow them to continue to operate in our state.

Sincerely,

SC residents want Uber and rely on Uber to meet demand in the Greenville area. Do the right thing here.

Subject: BRING UBER BACK !!!!

Hello. As a three month uber driver,
I am very disturbed at the sudden news. I'm certain I am not alone. Hopefully this is just a very very temporary situation because 10 out of 10 of uber passengers always exclaim how happy they are that Uber is in the Charleston area. And most of my passengers are tourists. Please note that tourists here rely on Uber because uber is in their home town and they're used to it. College students here are very big Uber riders as well. Please reconsider this decision. Thanking you in advance.

I've got a lot of transport duties as a college pastor... Seems I always need to get a student somewhere . Before Uber I tried to use cabs, but they were unreliable.

Using my personal car is fine... But there's never enough liability insurance.

Uber has a great liability policy, is cheaper, and a lot less dangerous. Their drivers are vetted with better background checks AND there's no chance of gypsy drivers!

Restore Uber ... Let's come into the 21st century!

Knock it off you guys. There's no reason in the world that Uber drivers shouldn't be on the streets tonight. Uber's standards are higher than yours. So what's the justification? I know you guys like to have your hands on every little thing, but stop it. I trust Uber's standards more than I trust the government's.
